

# South Carolina Property Tax Rates By County

## 2011

# METHODOLOGY OF PROPERTY TAX COLLECTION

The *South Carolina Property Tax Rates Report* is produced annually to provide information for state and local officials on millage rates for every county of the state. The SC Association of Counties requests categorical breakdowns of millage rates and fees in order to provide a complete listing of charges by county. We appreciate the contribution of all the County Auditors in developing each year's report. The information provided for each county is listed below in the order that it is presented in the report.

**COUNTY BASE MILLAGE RATE:** Individual county millage rates with a breakdown for purpose of levy (e.g., county operating, bonds, sewer, hospital, library, etc.) are added together to produce this total **county base millage rate**. To this county base are added the other applicable millage rates and fees dependent upon school district and location within the county.

**SCHOOL DISTRICT(S) MILLAGE RATE:** **School district/zone millage rates** with details on purpose (e.g., operating, bonds, special schools, etc.) are added together to produce the total millage for each school district. Beginning in 2007, residential primary owner-occupied properties are exempt from the school property tax and are not charged a school district millage rate.

**MUNICIPAL MILLAGE RATES:** If the city or town charges a millage rate, it will appear with its respective county listing.

**OTHER COUNTY MILLAGE RATES NOT INCLUDED IN COUNTY BASE:** Special purpose districts and special tax districts may charge mills for a specific purpose such as fire protection, water/sewer service, road maintenance, lights, recycling, recreation, etc. The location where the millage is charged is listed in the report.

**SPECIAL FEES (additional charges):** Special fees are similar to special purpose districts and special tax districts in their purposes, but instead of a millage rate, a flat fee or dollar amount is charged for the service. (e.g. fire, road maintenance, solid waste, sewer, recycling, etc.)

**INDUSTRIAL ABATEMENTS (potential exemptions for qualified facilities):** By State law, a five year abatement of the county portion of property taxes is available to *qualifying* manufacturers, distribution facilities, corporate headquarters and corporate offices. When the county abatement is applied, the property is not eligible for the local option tax credit factor until the five year abatement period expires. Likewise, if the company negotiates a fee-in-lieu of property taxes with the county, the local option sales tax credit does not apply until the fee-in-lieu period expires, typically 15 to 20 years. More information about abatement of industrial properties may be obtained from the SC Department of Revenue.

**VALUE OF ONE MIL (based on county operations only):** This figure is an approximate value based on a percentage of a county's assessed value contingent upon 100% collections. It may be used as a point of reference by which to determine a county's tax base in comparative analyses.

**LOCAL OPTION SALES TAX CREDIT FACTOR:** Page 19 lists County/City Tax Credit Factors for jurisdictions with a local option sales tax.

## ESTIMATING PROPERTY TAXES / EXAMPLES

1.) **DETERMINE THE TOTAL MILLAGE RATE** that applies to the property by adding the county base millage rate, the city millage rate (if charged -- only cities charging a millage appear with their respective county listings), the school district millage rate (except for owner-occupied residential properties), and any applicable "other" special purpose/special tax district mills charged to your property.

$$\text{County Base} + \text{School District (if applicable)} + \text{City/Town (if applicable)} + \text{Other/Special Mills (if applicable)} = \text{Total Millage}$$

2.) **DETERMINE THE ASSESSED VALUE OF THE PROPERTY.** Multiply the assessment ratio (set forth by State law dependent on property classification) by the fair market value of the property. The value of real and personal property used in manufacturing operations is established by the South Carolina Department of Revenue. The real and personal property values of certain distribution facilities, corporate headquarters, and corporate offices are also established by the Department of Revenue. All other property values are the responsibility of county government. Assessment ratios applied to the fair market value of real property vary by classification set forth by State law as follows:

- Manufacturing and utility companies (real and personal property) - 10.5%
- Residential real estate (owner-occupied) - 4.0%
- Commercial and residential non-owner-occupied real property - 6.0%
- Agricultural real property (private or commercial ownership, respectively) - 4.0% or 6.0%
- Motor vehicles - 6.0%
- All other personal property - 10.5%

3.) **MULTIPLY THE ASSESSED VALUE BY THE TOTAL MILLAGE RATE.** Assessed Value x Millage Rate = Property Tax

<u>Industrial Property Example with County Abatement</u>	
Fair Market Value of Property	\$50,000,000
Assessment Ratio for manufacturing	x 10.5%
Assessed Value	\$5,250,000
Millage Rate (example)	x .235
Property Tax	\$1,233,750
County Abatement:	-\$414,750*
*\$5,250,000 x .079 (example) = \$414,750	
Property Tax with Abatement	<b>\$819,000</b>
During the 5 years that the county abatement is applied, the property is not eligible for the local option sales tax credit.	

<u>Residential Property Example</u>	
Fair Market Value of Property	\$200,000
Assessment Ratio on owner-occupied home	x 4%
Assessed Value	\$8,000
Millage Rate (example)	x .235
Property Tax	<b>\$1,880</b>
Residential owner-occupied properties are exempt from school property taxes. Omit school district millages from the total millage rate to calculate property tax for this property classification.	

Note: The above method should be used for determining estimates only. The calculation does not include property tax rollbacks for local option sales tax credits in certain counties. Contact the county auditor for the actual property tax on a specific property.
