DRAFTING

DHEC: Solid Waste Management: Solid Waste Incineration and Solid Waste Pyrolysis Facilities

DHEC is proposing to amend R.61-107.12, *Solid Waste Management: Solid Waste Incineration and Solid Waste Pyrolysis Facilities* to update the regulation for consistency with current statutes regarding violations, penalties, and appeals of Department decisions. The amendment will include improved references to Federal and State Air Quality regulations applicable to incineration. Additionally, the amendment will address consistency determinations with State and local solid waste plans and clarify when such determinations will be made for permitting facilities regulated under R.61-107.12. It is the DHEC's position that air-curtain incinerators be addressed separately from municipal and industrial solid waste incineration facilities in the regulation and may propose new sub-sections and language to clarify the requirements for the use of air-curtain incinerators. New or revised definitions may be included to reference technological advances occurring since the regulation was originally promulgated. Other changes for consideration include updating, clarifying, or amending the standards for sorting, storing, and processing waste and required maintenance at incineration facilities; ash management from incineration facilities for consistency with current Federal and

State requirements; public notice requirements for proposed incineration facilities, and general facility requirements.

Interested persons may submit their comments, in writing, to Jana White, Mining and Solid Waste Management Division, at the S.C. Department of Health and Environmental Control, Bureau of Land and Waste Management, 2600 Bull Street, Columbia, SC 29201 or to whitejm@dhec.sc.gov . To be considered, written comments must be received no later than 5:00 p.m. on May 26, 2015, the close of the drafting comment period.

DHEC: Solid Waste Management: Used Oil

DHEC is proposing to amend R.61-107.279, *Solid Waste Management: Used Oil* by removing the requirement for used oil marketers to obtain a permit as specified in Subpart H, Section 297.73. Interested persons may submit their comments in writing, to Jana White at the S.C. Department of Health and Environmental Control, Bureau of Land and Waste Management, 2600 Bull Street, Columbia, SC 29201 or to whitejm@dhec.sc.gov. To be considered, written comments must be received no later than 5:00 p.m. on May 26, 2015, the close of the drafting comment period.
