RE: Budget Proviso

I want to thank all of my Senate colleagues for supporting the budget proviso calling for transparency in all government entities. Our constituents will finally enjoy their right to know how and where their hard- earned tax dollars are being spent.

I understand this requirement has concerned some of the local governments that we represent.

As you know, Comptroller General Richard Eckstrom has offered online expenditure disclosures for many of our state agencies for little or no cost. He has assured me that his office will assist any government agency in complying with this proviso at little or no cost. His office number is: 803-734-2588
