

One way SCAC is able to help **local leaders build statewide strength** is through its new partnership with NACo. NACo' **Enterprise Cybersecurity Leadership program** was developed in direct partnership with General Colin Powell (former Secretary of State and Chairman, Joint Chiefs of Staff), Marshall Goldsmith (considered the world's #1 executive coach), and 150+ industry-leading executives.

ACCESS

Gives participants insights, wisdom and experience from Fortune 1000 CISOs and executive leaders, distinguished academic faculty, coaches, and industry experts.

RELEVANCE

Develops frontline and mid-level leaders through structured combination of proven theory, action learning, and practical application.

EFFICIENCY

Uses an efficient, proprietary online learning management system with content that is non-disruptive to the demanding schedules of busy professionals.

“This is a transformational leadership program that has proven to be the most scalable, cost effective, and efficient way to make your leaders better.”
-General Colin Powell

Key points to remember

- **Efficient**
12 weeks in duration
- **Non-disruptive**
No travel required. 100% online guided mentorship journey with synchronous & asynchronous learning activities. (No time out of the office required!)
- **Mentorship based model**
Virtual mentorship provided by Fortune 500 CEOs, CIOs, CISOs, CHROs, General Colin Powell, Dr. Marshall Goldsmith, and the world's most respected leadership coaches
- **CPE credits**
Qualifies for 48 continuing education credits
- **Affordable**
Through the SCAC/NACo partnership, SC counties are eligible for a registration fee of \$1,545. Retail price is \$2,495.
- **Enrolling now**

This 12-week online collaborative readiness program is led by Fortune 500 CISOs and peers who deliver their proven frameworks and insights on how to lead and secure a network and an organization – protecting data assets and the enterprise brand. This program coaches participants on what it means to think and act as a cybersecurity leader.

Module 1: The Security Leadership Mindset

Program overview focused on what it means to think and act as a cybersecurity leader.

Module 2: The Art of Security Intelligence

Learn how data security professionals can best obtain, use, and distribute threat intelligence.

Module 3: The Balance Between Security & Innovation

Establish a mindset that embraces innovation and looks for ways to consistently simplify complexity.

Module 4: Security Change Management

Learn to be a change agent and use change practices to address and overcome security challenges.

Module 5: Positive Leadership in Security

Develop positive leadership practices to achieve positively deviant organizational outcomes.

Module 6: Collaboration and Negotiation

Apply Mutual Gains Approach and leverage collaboration necessary to provide satisfying outcomes and enhance relationships.

Module 7: Security Communication

Adapt practical and meaningful useful techniques for how IT security leaders can communicate within and outside of the organization.

Module 8: Relationship Management

Create and execute the steps to build strong professional relationships and form key strategic partnerships.

Module 9: Security & the Network of Things

Use your network to aid in developing and maintaining an effective risk management strategy.

Module 10: Your Changing Role in Security

Apply techniques for learning and adapting as a cybersecurity leader while establishing a clear leadership philosophy.

Module 11: Simulated Cyberattack

Foster development and alignment within cybersecurity individuals and work teams through drills, training, and war games.

Module 12: The Power of One

Communicate how your value as a cybersecurity leader directly impacts the long-term success of the enterprise and beyond.
