10 Tips for Organizing Effectively to Secure COVID-19 Resources

10 Tips for Effectively Organizing to Secure COVID-19 Resources

- 1) Organize a task force to coordinate local needs, resources, and messaging
- 2) Track local resources dedicated to COVID-19 response
 - Direct spending on first responders, PPE, communications, utilities, etc.
- 3) Track lost revenues
 - Decline in taxes, service charges, fees
- 4) Identify top priority funding needs & projects
- 5) Align priority projects and funding needs with available resources

10 Tips for Effectively Organizing to Secure COVID-19 Resources

- 6) Generate briefing sheets and talking points for priority projects and funding needs
- 7) Coordinate with Governor's Office, State EOC, state and county health departments, and other key agencies; create contact list of federal-state-local chain of command
- 8) Communicate your challenges to congressional delegation
- 9) Distribute handouts to local businesses, non-profit groups, and other local interests to outline available federal and state resources
- 10) Stay tuned for opportunities to shape aid and infrastructure packages by tracking alerts from [ICMA](#), [NLC](#), [USCM](#), [NACCHO](#), [NACo](#) and [Sustainable Strategies DC](#)

- \$150 billion Coronavirus Relief Fund, allocated to governments in states (\$139 billion to the 50 states allocated based on population), territories (\$3 billion), and tribal areas (\$8 billion)

Liquidity Loan Program for Municipalities

- CARES Act appropriates \$454 billion to provide liquidity to eligible businesses, States and municipalities related to losses as a result of coronavirus
- Act provides that the Secretary “shall endeavor to seek the implementation of a [Fed] program or facility...that provides liquidity to the financial system that supports lending to” government borrowers
- Federal Reserve has not yet released guidance or indication of nature of program
- On March 20, the Fed separately expanded its facilities to cover certain aspects of municipal debt market by making loans available to eligible financial institutions secured by certain high-quality assets purchased from tax-exempt municipal money market mutual funds
 - Potential for CARES ACT to add to this secondary market and/ or provide direct federal lending to government borrowers

State & Local Coronavirus Relief Fund

- \$139 billion Coronavirus Relief Fund provided to state governments; local governments serving a population of at least 500,000 (most recent census) may elect to receive assistance directly from Treasury
- Allocated according to population, minimum of \$1.25 billion per state
- Eligible expenditures must be:
 - (1) Necessary and incurred due to COVID-10 public health emergency
 - (2) Not accounted for in budget most recently approved as of date of enactment [March 27, 2020]
 - (3) incurred during the period that begins on March 1, 2020 and ends on December 30, 2020
- Coronavirus Relief Fund payments may not be used to directly account for revenue shortfalls caused by COVID-19; must be new, coronavirus-related expenses

State & Local Coronavirus Relief Fund, Cont.

- Members of Congress, governors, and mayors are urging Secretary Mnuchin to develop guidelines for recipients of Relief Fund that are inclusive of all local jurisdictions, speedy in delivery, and flexible in use:
 - Expenditures to ensure continuity of local government
 - Local health department & public health worker COVID-19 expenses
 - Municipal law enforcement, fire department, and paramedic & emergency medical services and worker expenditures associated COVID-19 response, including overtime payment
 - PPE, medical supplies, sanitation supplies & other materials associated with COVID-19 response
 - Social services & homeless assistance during COVID-19 crisis
 - COVID-19 public communications & outreach
 - Costs of municipal utility bill forgiveness, fee waivers, and other unanticipated COVID-19 costs
- **To access resources:** Coordinate with Governor's Office to prepare for resources; consider drafting letter to Governor explaining need for resources
