Roofing Supplies and Services

Storm Zone Program

Advance planning can minimize disaster-related disruptions. Garland/DBS, Inc. helps get your facilities back up and running as quickly as possible when disaster strikes. Services include emergency notification of first-responder contractors who are pre-qualified and licensed to work in your area.

Key Products and Services:

- Disaster Readiness
- Storm Tracking
- Contractors on Call
- Post-Storm Assessment
- Post-Storm Site Management
- Emergency Repair Materials

Disaster Recovery Crisis Command Center

At Home Depot we work with agencies to provide needed supplies in strike zones, such as the American Red Cross. We mobilize associates from across the country to assist in disaster areas, ensuring that stores reopen immediately, and to provide volunteer support to our communities. Our Crisis Command Center works 24 hours a day, with our operations and merchandising teams working around the clock to monitor the storm and keep moving supplies into the affected area.

Key Products and Services:

- Plywood to Cover your Windows
- Extension Cords
- Generators
- Flashlights and Batteries
- Drinking Water
- Janitorial Supplies
- Battery-Powered Radios
- U.S. Communities Rebate Eligible

Auto & Equipment Parts

Advance Auto Parts has the parts and solutions for emergency preparedness, safety and first responders.

Disaster Travel Services

HotelPlanner

HotelPlanner is the premier disaster travel provider in the US and across the globe coordinating planning and response efforts before a disaster strikes. Our teams manage the strategic placement of first responders, corporate clients and displaced homeowners to maximize the ability of relief support to occupy the areas needed while keeping other groups outside the main area of operations.

Key Products and Services:

- Generator operations, power truck and semi parking, sustainable supplies, and direct contact with multiple contacts for each property locations
- Spend controls and cost center reporting
- Traveler in route tracking
- No ticketing fees with 156 flight partners and up to 16 rental car providers
- 24/7/365 support

Workforce Management Solutions

Labor costs are a large operational expense for any government budget, but throw in an emergency and now these costs grow exponentially. You need the right tools in place to staff, track, and report employees before disaster strikes.
