# **Welcome to SCAC's ANNUAL CONFERENCE**

### **What is the South Carolina Association of Counties?**

Chartered on June 22, 1967, the South Carolina Association of Counties (SCAC) is the only statewide organization representing county government in South Carolina. Its membership, which includes all 46 counties, spans the spectrum from predominately urban to rural. By virtue of each county's membership in SCAC, all of its elected and appointed officials become participants in an organization dedicated to improving county government.

SCAC is a nonpartisan, nonprofit organization which maintains a full-time staff in Columbia. It is governed by a 29-member board of directors composed of county officials from across South Carolina.

The annual conference makes it possible for officials across the state to participate in workshops, seminars, and meetings designed to provide information to help them become more effective county leaders. It is through conferences such as this one and other activities throughout the year that county officials continue to "build stronger counties for tomorrow."

## Welcome to SCAC's 2022 Annual Conference!

Thank you for investing your time and your county's resources by participating in this year's conference. Year after year, SCAC staff builds upon the successes of previous conferences with input you provide. Please take advantage of the various learning and networking opportunities available at the conference. As you attend classes, presentations, and events, you will forge new relationships and gain valuable knowledge that will empower you, as a county leader, to make informed decisions to benefit your county and our state. I am confident that you will find that our annual conference offers a rich platform to share our experiences and improve our skills as we strive to be the best leaders we can be.

SCAC's exceptional programs and services are strengthened by your involvement. I encourage you to stay engaged during the association's legislative development process and throughout the legislative session by reading *Friday Reports* and *Legislative Alerts*. Your active involvement with your legislative delegation has proven to reap benefits not only for your county, but for all our counties and our state as a whole. Our collective voice is the most effective lobbying tool at the State House.

SCAC's legislative advocacy program, legal assistance, educational and networking opportunities, research assistance, insurance trusts, risk management assistance, and publications are invaluable resources. Take advantage of your time during the conference to learn more about our association's service package by talking with SCAC staff.

In closing, I would like to thank you for your steadfast commitment to your counties. It has been an honor serving as your president. Amy and I truly appreciate your support. I hope you enjoy our conference and all that SCAC has to offer!
