WHAT IS THE SCAC?

South Carolina Association of Counties, chartered on June 22, 1967, is the only organization dedicated to statewide representation of county government in South Carolina. A nonpartisan, nonprofit organization with a full-time staff in Columbia, SCAC is governed by a 29-member Board of Directors selected by county officials at the Association's Annual Conference.

Counties have made tremendous progress since the enactment of the Home Rule Act in 1975. County government has also become more diverse in order to meet the increasing needs of its citizens. SCAC is dedicated to providing programs and services that equip county officials with the tools to govern effectively.

CONFERENCES

■ SCAC provides many opportunities for county officials to meet and learn, among them:

★ Mid-Year Conference — Held in late winter in Columbia, this conference enables all county officials to become better informed about the Association's legislative program. The Association also hosts a reception for all members of the S.C. General Assembly during this conference.

★ Annual Conference — Held in August, this conference is open to all elected and appointed officials. The conference includes a business session, general session, workshops, group meetings, and exhibits of county products and services.

★ Legislative Conference — Held in December, this conference allows members of the Legislative Committee to discuss and adopt a legislative program for the upcoming year. The committee is composed of each council chairman along with the Association's Board of Directors.

EDUCATION

■ The Association, in cooperation with the Joseph P. Riley Jr. Center for Livable Communities at the College of Charleston, conducts the Institute of Government for County Officials (Level I, Level II, and Advanced levels). Clemson University's Master of Public Administration program is a sponsor of the Institute.

This certificate program helps county officials enhance their skills and abilities. Courses are offered at the Annual and Mid-Year Conferences and at the County Council Coalition Meeting in the fall.

SCAC also sponsors a number of webinars on a variety of topics for county officials and employees throughout the year at no charge to counties. Recordings of the webinars are made available in the Association's online educational library via SCCounties.org/webcasts-and-webinars.

FINANCIAL SERVICES

■ SCAC offers a number of financial services to its member counties. The Association sponsors two self-funded insurance trusts to provide workers' compensation and property and liability coverage. The trusts are designed specifically to meet the unique needs of local governments.

SCAC also offers the following services through affiliate organizations: GovDeals internet auction of surplus assets; and competitive purchasing discounts through Forms and Supply, Inc. and the U.S. Communities purchasing cooperative.

LEGAL ASSISTANCE

■ SCAC provides legal assistance to county governments by rendering legal opinions, preparing *amicus curiae* briefs, drafting ordinances, and consulting with other county officials.

The Association provides support to counties involved in litigation that might affect other counties. It also sponsors the Local Government Attorneys' Institute, which provides six hours of continuing legal education for local government attorneys.

SETOFF DEBT PROGRAM

■ South Carolina counties are able to collect delinquent emergency medical services debts, magistrate and family court fines, hospital debts, as well as other fees owed to the counties through SCAC's Setoff Debt Collection Program.

Debts are submitted through the Association to the S.C. Department of Revenue to be matched with income tax refunds. The debt is deducted from a refund and returned through SCAC to the claimant.

LEGISLATIVE INFORMATION

■ The S.C. General Assembly convenes each January in Columbia and adjourns *sine die* in May. One in every four bills introduced affects county governments.

SCAC monitors each bill as it is introduced and keeps its members up-to-date on all legislative activity with a weekly *Friday Report*. The Association also dispatches Legislative Alerts and publishes *Acts That Affect Counties* each year.

SOUTH CAROLINA
ASSOCIATION OF COUNTIES

PUBLIC INFORMATION

■ SCAC publishes an annual *Directory of County Officials* listing addresses and telephone numbers of county offices and their elected and appointed officials. The Association also publishes *Carolina Counties Newsletter* five times a year to keep the Association's membership informed about legislation and various county news. *County Focus Magazine* is published four times a year and features articles on county trends, innovations, and other subjects of interest to county officials—including a "County Update" section.

RESEARCH AND TECHNICAL ASSISTANCE

■ SCAC provides research and technical assistance in many areas to those counties that request it. The Association staff annually responds to hundreds of inquiries from county officials ranging from simple requests for a sample ordinance to more complex questions requiring considerable research. The Association also develops technical research bulletins and conducts surveys on a variety of subjects. Regular publications such as the *Wage and Salary Report*, *Home Rule Handbook*, *A Handbook for County Government*

in South Carolina, and *Case Law Affecting Local Government* are made available to county officials.

SCAC's website address is:

SCCounties.org

The site provides county officials with the latest information on SCAC programs, services, and meetings as well as legislative information, research and survey results, and links to other local government resources.

SCAC's Corporate Partner Program provides a comprehensive marketing opportunity to showcase products and services directly to county leaders. The program also offers year-round exposure to county officials and employees at multiple SCAC events, and opportunities to advertise in the Association's quarterly magazine and annual directory. McDaniel Supply Company is located in Jesup, Georgia. It began in 1971 as McDaniel Vending and Food Service. In 2002, the company transitioned to become McDaniel Supply Company, focusing on commissary for jails and prisons. Company founder Jerry D. McDaniel believed in two primary philosophies: Treat others as you would like to be treated; and take care of your customers. Mr. McDaniel passed away in 2016, and his son Jerry has continued to guide the company under those philosophies.

McDaniel Supply has 55,400 square feet of warehouse space and provides commissary to various local, state, and federal correctional institutions located throughout the southeast and ranging in population from 50 to over 2,000 inmates. McDaniel Supply Company is a partner of Georgia Commissary Suppliers, which provides all commissary products to the Georgia Department of Corrections.

McDaniel prides itself on its proprietary inmate accounting software called MACS. MACS was developed with input of each facility over the years, and our in-house programmers have developed the most user-friendly commissary program on the market. Understanding the ever changing needs of jails, we have developed the following new features: mail scanning, E-messaging, and Staff Messaging.

With mail scanning, all inmate mail can be scanned into MACS and inmates will then read their mail on the kiosk. This helps eliminate contraband entering the facility. E-Messaging allows the inmates to communicate with loved ones electronically, further curbing contraband. Finally, staff messaging has become a favorite feature of facilities. Jail staff members no longer have to go to the pods to inform an inmate of a new court date or that their visit has changed, for example. A simple message to the inmate through the kiosk, and it's done. The facility can message a pod or the entire facility.

McDaniel Supply Company is among the most respected commissary companies in the business. With our tireless efforts to provide the best products and most innovative services, it's easy to see why.
