John O. Wienges Jr., Staff Attorney

Mary E. Williams, Administrative Assistant

What is the SCAC?

Local Leaders. Statewide Strength.®

South Carolina Association of Counties, chartered on June 22, 1967, is the only organization dedicated to statewide representation of county government in South Carolina. A nonpartisan, nonprofit organization with a full-time staff in Columbia, SCAC is governed by a 29-member Board of Directors selected by county officials at the Association's Annual Conference.

Counties have made tremendous progress since the enactment of the Home Rule Act in 1975. County government has also become more diverse in order to meet the increasing needs of its citizens. SCAC is dedicated to providing programs and services that equip county officials with the tools to govern effectively.

Conferences

SCAC provides many opportunities for county officials to meet and learn, among them:

- **Counties Connect: A Legislative Action Day**—Held in late winter in Columbia, this conference enables all county officials to become better informed about the Association's legislative program. The Association also hosts a reception for all members of the S.C. General Assembly during this conference.
- **Annual Conference**—Held in August, this conference is open to all elected and appointed officials. The conference includes a business session, general session, workshops, group meetings, and exhibits of county products and services.
- **Legislative Conference**—Held in December, this conference allows members of the Legislative Committee to discuss and adopt a legislative program for the upcoming year. The committee is composed of each council chairman along with the Association's Board of Directors.

Education

The Association, in cooperation with the Joseph P. Riley Jr. Center for Livable Communities at the College of Charleston, conducts the Institute of Government for County Officials (Level I, Level II, and Advanced levels). Clemson University's Master of Public Administration program is a sponsor of the Institute.

This certificate program helps county officials enhance their skills and abilities. Courses are offered at the Annual and Counties Connect: A Legislative Action Day Conference and at the County Council Coalition Meeting in the fall.

SCAC also sponsors a number of webinars on a variety of topics for county officials and employees throughout the year at no charge to counties. Recordings of the webinars are made available in the Association's online educational library via SCCounties.org/webcasts-and-webinars.

Financial Services

SCAC offers a number of financial services to its member counties. The Association sponsors two self-funded insurance trusts to provide workers' compensation and property and liability coverage. The trusts are designed specifically to meet the unique needs of local governments.

SCAC also offers competitive purchasing discounts through Forms and Supply, Inc. and the U.S. Communities purchasing cooperative.

Legal Assistance

SCAC provides legal assistance to county governments by rendering legal opinions, preparing *amicus curiae* briefs, drafting ordinances, and consulting with other county officials.

The Association provides support to counties involved in litigation that might affect other counties. It also sponsors the Local Government Attorneys' Institute, which provides six hours of continuing legal education for local government attorneys.

Setoff Debt Program

South Carolina counties are able to collect delinquent emergency medical services debts, magistrate and family court fines, hospital debts, as well as other fees owed to the counties through SCAC's Setoff Debt Collection Program.

Debts are submitted through the Association to the S.C. Department of Revenue to be matched with income tax refunds. The debt is deducted from a refund and returned through SCAC to the claimant.

Legislative Information

The S.C. General Assembly convenes each January in Columbia and adjourns *sine die* in May. One in every four bills introduced affects county governments.

SCAC monitors each bill as it is introduced and keeps its members up-to-date on all legislative activity with a weekly *Friday Report*.

The Association also dispatches *Legislative Alerts* and publishes *Acts That Affect Counties* each year.

Public Information

SCAC publishes an annual *Directory of County Officials* listing addresses and telephone numbers of county offices and their elected and appointed officials. The Association also publishes *Carolina Counties Newsletter* five times a year to keep the Association's membership informed about legislation and various county news. *County Focus Magazine* is published four times a year and features articles on county trends, innovations, and other subjects of interest to county officials—including a "County Update" section.

Research and Technical Assistance

SCAC provides research and technical assistance in many areas to those counties that request it. The Association staff annually responds to hundreds of inquiries from county officials ranging from simple requests for a sample ordinance to more complex questions requiring considerable research. The Association also develops technical research bulletins and conducts surveys on a variety of subjects. Regular publications such as the *Wage and Salary Report*, *Home Rule Handbook*, *A Handbook for County Government in South Carolina*, and *Case Law Affecting Local Government* are made available to county officials.

SCAC's website address is:
SCCounties.org

The site provides county officials with the latest information on SCAC programs, services, and meetings as well as legislative information, research and survey results, and links to other local government resources.

Past Presidents

Creating iconic environments that represent community.

SSOE Group is an internationally ranked architecture and engineering firm that creates sustainable environments that are culturally and socially significant—projects that have a lasting and positive impact on our communities.

COUNTY FOCUS

Advertise in *County Focus Magazine*

... and join many other advertisers who already know that it's one of the best ways to sell products and services to South Carolina's 46 county governments. You'll be targeting more than 1,500 members of the South Carolina Association of Counties, the only organization dedicated to statewide representation of county government in South Carolina.

County officials in South Carolina read *County Focus*, because it's the only publication in the state that focuses on counties, legislation affecting counties, and successful county programs, projects and activities. This award-winning magazine also publishes articles by U.S. Senators and Congressmen concerning important issues facing county officials across the state.

Advertising Deadlines

■ March 15	Number 1 (Spring Issue)
■ June 15	Number 2 (Summer Issue)
■ September 15	Number 3 (Fall Issue)
■ December 15	Number 4 (Winter Issue)

Join SCAC's 2023 Corporate Partner Program!

NEW OPPORTUNITIES ...

The South Carolina Association of Counties (SCAC) offers a unique way to market your company—both efficiently and cost-effectively—to South Carolina's 46 counties! SCAC's Corporate Partner Program provides a comprehensive marketing opportunity to showcase products and services directly to county leaders. The program also offers year-round exposure to county officials and employees at multiple SCAC events, and opportunities to advertise in the Association's quarterly magazine and annual directory.

ACCESS ...

If you are looking for ways to build and strengthen relationships with county governments, this program is for you. As an SCAC Corporate Partner, you will be able to maintain contact with county officials throughout the year. You will also be updated on trends in county government and legislative initiatives.

COST EFFECTIVE ...

This "one stop shop" approach will minimize costs and make it easier for you to budget because you will be able to support the SCAC as a partner at one of the levels for an entire calendar year. Still, "a la carte" options will remain available if you choose to advertise in SCAC's publications.

BENEFITS OVERVIEW ...

- Four levels of partnership — \$1,500, \$3,000, \$5,000, or \$10,000.
- Complimentary/discounted rates to attend (including premier exposure) three SCAC events — Counties Connect: A Legislative Action Day in February, Annual Conference in August, and County Council Coalition Fall Meeting in October. All Partners will be recognized during all three events, whether virtual or in-person.
- Advertising in *County Focus Magazine* and annual *Directory of County Officials* will be included in the top three levels and discounted advertising may be purchased at the Bronze Level.
- Complimentary/discounted rates to attend and exhibit exclusively at SCAC's Annual Conference.
- Complimentary promotion on SCAC's website and Annual Conference app.
- Exclusive benefits and exposure at the top levels.
- Complimentary subscription(s) to *County Focus Magazine* and copies of the annual *Directory of County Officials*.
- Benefits will be available on a calendar year basis, and
- Much more!

Follow SCAC on social media to learn what's happening at the State House and how SCAC's programs and services can benefit your county. Share what's happening in your county. Let's promote the many ways our counties are making a positive difference for our citizens across the state.

WE WORK FOR YOU.

It's not something you expect to hear from an electric company. But, we're not your typical utilities. We're local, not-for-profit electric cooperatives. We want to help you save energy so you can save your hard earned money.

To learn more about the cooperative difference, visit ECSC.org

YOUR SOURCE OF POWER. AND INFORMATION.

Touchstone Energy is a national alliance of local, consumer-owned electric cooperatives providing high standards of service to consumer members large and small. Nearly 700 Touchstone Energy cooperatives in 45 states provide power to more than 30 million consumer members every day. In South Carolina, 18 electric cooperatives belong to the Touchstone Energy alliance.

POWERING SUCCESS

With resources like low-cost, reliable power, creative incentive packages and a wide-ranging property portfolio, Santee Cooper helps South Carolina shatter the standard for business growth.

In fact, since 1988, Santee Cooper has worked with the state's electric cooperatives and other economic development entities to generate more than \$22 billion in capital investment and helped bring more than 89,000 new jobs to our state. It's how we're driving **Brighter Tomorrows, Today.**

NACo Membership:

A BLUEPRINT FOR SUCCESS

The National Association of Counties (NACo) is your organization, representing counties in Washington, D.C., just as your state association represents you in the state capital.

Build a stronger county with NACo

NACo provides value to our members through:

- Federal Policy Advocacy
- Cost-Saving Solutions
- County Centered Research
- Best Practices & Networking

Our Goal:

- To engage members with resources to achieve healthy, vibrant and safe counties across the United States.

Access a county blueprint for success at
www.NACo.org/membership or call 888.407.NACo (6226)

SCAC'S PURPOSE

- To promote more efficient county governments;
- To study, discuss, and recommend improvements in government;
- To investigate and provide a means for the exchange of ideas and experiences between county officials;
- To promote and encourage education of county officials;
- To collect, analyze, and distribute information about county government;
- To cooperate with other organizations; and
- To promote legislation that supports efficient administration of local government in South Carolina.

Dust Control - Road Stabilization

Liquid Calcium Chloride is an inexpensive and cost-effective alternative to paving and lasts far longer than any other materials used to control dust and stabilize unpaved roads. Among its many benefits, Calcium Chloride:

- Cuts grading costs as much as 50 percent
- Reduces the replacement cost of gravel and other materials by up to 80 percent
- Leads to a 60 percent reduction in compaction effort on loose granular surfaces
- Produces cost savings up to 50 percent
- Eliminates Dust
