

# Moore Award Winners

The Moore Award was established in memory of Betty Moore, who worked tirelessly to form a state association of registration and election officials, and her daughter, Marsha. This award is fashioned after the J. Mitchell Graham Award of the Association of Counties -- The award is presented to a member of SCARE who best exemplifies the spirit of the organization through their continued unselfish giving of time and efforts to make the Association a more educated, concerned group that promotes training in individuals, as well as each county.

Each January at the legislative conference of SCARE, this award is presented to a member of the organization who has shown outstanding service in the field of voter registration and elections. Nominations may be made by any member for consideration of a committee.

The Moore Award is a silver bowl engraved with SCARE Moore Award and the year, name, and county of the recipients to date. This is passed on each year, with a smaller, engraved silver bowl retained by the honoree.
