Re: Treasury Performance Report

The U.S. Department of Treasury released a “User Guide” for the State and Local Fiscal Recovery Fund Recipients Reporting Portal. The guide contains step-by-step guidance for submitting the required Recovery Fund reports using Treasury’s portal, ***including details for the Interim Report that all counties must submit by August 31, 2021***, and should be used in conjunction with Treasury’s *Compliance and Reporting Guidance Document* for satisfying reporting and compliance requirements.
